Preferred by professionals

DAN-FENDER is rated among the best and largest producers of fenders and buoys worldwide.

Because we know what it takes!

DAN-FENDER offers know-how and experience from more than 25 years of moulding high-quality fenders and buoys. A fact that makes our products the top choice for private sailors, industrial fishing, aqua-cultures, oil platforms, arctic and tropical expeditions around the globe.

The reason why professional sailors choose to equip their vessels with DAN-FENDER® fenders and buoys is the products hidden qualities. DAN-FENDER®
